

4U RACK MOUNT COMPUTER

Built in our popular **RME-117 aluminum** chassis computer enclosure, our 4U rack mount computer is available in two standard versions, a turnkey complete computer or, a “BareBones” configuration consisting of chassis, power supply and motherboard for users who wish to add their own CPU, memory and drives. The 7.0” high chassis is 17.0” deep and 19” wide and comes with attached slide rails for ease of access. The front panel contains space for mounting 3 5.25” drives and 1 3.5” device.
